For Best Styles We Take the "Ribbon"

We'd vie with the finest equestrian specimens in the contest for the "Red Ribbon" if the competition for good style extended to Hats for ladies or gentlemen; and it's only rehearsing a truth to say that the best dressed heads "on the stand" during the greatest of social functions are "Fairweather's" patrons. We've "won our spurs" on the ultra-style-exclusive-pattern idea.

Cleaning Dainty Laces and Delicate Costumes.

It needs skill and care and the right kind of experience to clean costly and delicate laces and ladies' garments of finer fabrics. Satisfactory work can only come when the appointments of a dyeing and cleaning plant are the most modern and the workpeople thoroughly skilful. For twenty years we have been pleasing the most particular people.

"For several years I have sent various materials to your establishment to be cleaned or dyed. The work done by you for me has always been done most satisfactorily."

LADY KIRKPATRICK.

We do just as good work for gentlemen. Everything in gentlemen's wearing apparel, summer and outing costumes, thoroughly cleaned and returned to the owners in tailor-like condition.

PREMIUMS FOR STALLIONS.

Rules and Regulations Governing Societies Desiring to Secure the Bounty Granted by

THE CANADIAN HORSE-BREEDERS' ASSOCIATION.

At the last meeting of the Canadian Horse-Breeders' Association a resolution was passed, on the suggestion of Mr. Robert Miller, of Stouffville, seconded by Col. David McCrae, of Guelph, to the effect that it was advisable to give certain premiums in order to encourage the securing of pure-bred stallions for service in various parts of the Province, as is done, for instance, in Scotland, where selected stallions travel under the auspices of local societies. The resolution set forth :

"That this Association, desiring to advance the best interests of horse-breeding throughout the country, hereby authorize the directors to offer premiums to encourage the placing of the very best stallions in districts in Ontario where horse-breeders guarantee a sufficient sum for his services ; the details to be determined by the directors, and the gross amount not to exceed $500."

It was pointed out by the various speakers that such associations or societies as are contemplated would give each and every part of the Province a chance to have travelling in the community a first-class stallion. Breeders would be induced with some assistance to import high-class stallions, the price for which in England and Scotland, without some such inducement or the formation of an association or society, oftentimes ran beyond the price that private individuals cared, or could afford, to pay. The premiums will not be confined to any particular breed of horses, but will be given to the stallion best suited to the district, or chosen by the local society, whether the stallion be Thoroughbred, Clydesdale, Shire, Hackney, Coach, Trotting, Pacing, or any other. The Society will, of course, be expected to choose its own stallion, either through delegates, or by the authorization of an individual member to make the selection. With a view to the carrying out of the object defined in the resolution quoted, the accompanying constitution, giving the terms of the grants and illustrating to societies the conditions by which they are to be governed, has, by instruction of the Canadian Horse-Breeders' Association, been drafted by Messrs. Miller and McCrae, and is herewith submitted for your approval and action. I might say that the directors, wishing the grants to be made, if possible, this year, will entertain at once any application coming before them, and will be pleased at all times to receive suggestions as to the best way to promote the object aimed at.

HENRY WADE.

CONSTITUTION.

That this Society shall be known as (*here insert the name by which the Society will be known*), and will consist of a president, vice-president, secretary, treasurer and board of directors.

The Society is formed for the purpose of selecting one or more pure-bred and registered horses to travel in the district, to improve the present standard, and assist in creating a greater uniformity in the horses produced.

Under the present system of paying the service fees for stallions, it is too much to expect importers to buy the best horses in foreign countries for our use, for they are worth more at home.

One of the chief objects of this Society will, therefore, be to join with the Canadian Horse-Breeders' Association, in making a premium, payable in cash, to induce the owners of the best horses to send them to our district at a moderate fee to members, partly payable after service and partly payable when the mares prove in foal.

The officers shall be elected yearly, at the annual meeting to be held each year, not later than the 15th of March, such election to be by ballot or otherwise. Members of the preceding year shall have due notice of such meeting.

RULES.

1. To become members of the Society application must be made to the secretary, and a fee of $1.25 must be paid. $1 of this amount will go into the fund to make up the premium, and 25c. to pay postage and secretary's expenses.

2. A guarantee of not more than 100, or less than 50, mares must be made to the owner of the stallion selected. One membership entitles the holder to the service of the horse for one mare ; to have his use for more than one mare a membership will be necessary for each.

3. Each member will be liable for payment of fees for each mare guaranteed.

4. In case of death or accident to a mare owned by a member, he may substitute one belonging to a person not holding membership.

5. Outside mares must not be taken, except by consent of the board of directors, when the fee must be at least 50 per cent. greater, half payable after service, and half when the mare proves in foal, the same as fees are paid by members.

6. No member shall have any financial interest in the stallion selected.

7. Stallions selected must be registered in the Stud Book recognized by the Dominion Association, representing the breed to which he belongs.

8. The stallion will be selected by a committee of not less than three, selected for the purpose at a general meeting of the members.

9. Should the stallion selected by such committee prove to be a non-breeder, the owner will forfeit any claim to the premium or payment of any part of the fees. Another horse may be selected by the Society if not too late. Owners of stallions knowingly letting a stallion that has been unsure or that has not gotten 40 per cent. of the mares served by him in the past season in foal, will be liable in an amount agreed to by the members and such owner of stallion.

10. Should the stallion selected become unable in any way to travel and do service, a substitute may at any time be chosen by the Society. Such horse will finish the season at the same terms as agreed on for the first horse, and the premium must be divided in proportion to the number of mares served by each.

11. Members will be responsible for all undertakings to the owner of the second or third horse necessary to finish the season, the same as to the owners of the first horse chosen.

12. The fees for service shall be $5 payable after service on the first of October after the season, and $5 payable February 1 the following year if the mare proves in foal.

13. All accidents will be at the risk of owners unless negligence is proven on the part of those in charge of stallions or mares.

14. Membership fees and the first payment for service must be paid to the Secretary.

15. Those not members must sign an agreement to pay one-half the service fee on October 1, and the other half Feb. 1, after service, if the mare proves to be in foal.

16. It will be considered that members have agreed to this when they sign the roll of membership, or pay the membership fee.

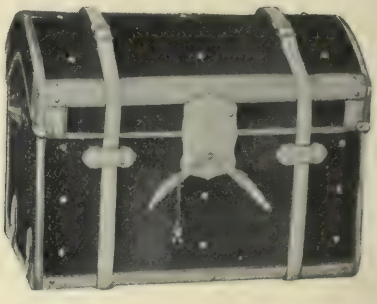

17. The groom and all expenses must be paid by the owner of the horse, and the horse must make the route so as to come as near the residences of the members as possible, as arranged between the directors and the owner. Where stopping places are made at any member's place, arrangements must be made between the owner and such member.

18. The amount of premium will be paid by the Treasurer to the stallion owner after the season is finished, if the directors are satisfied that the horse has been sure.

PICKED DIAMONDS

The world's centre of the diamond-cutting industry is undoubtedly the City of Amsterdam, in Holland, where most of the "rough" diamonds find their way to be prepared for large buyers of these precious gems.

> To these cutters we go personally, and, day after day, spend hours "picking" the choicest diamonds we can find, thus assuring "Diamond Hall" a "first choice" at "first cost."

This, and the fact that no duty is imposed upon diamonds entering Canada, places us in a position to offer values in Diamonds and Diamond Jewelry not beaten at any point in the world.
